Classical Style

Коллекция Classical — изящные, оригинальные светильники. В бескрайнем скоротечном потоке модных тенденций классика никогда не выходит из моды и не теряет своей актуальности и по сей день. Ее лаконичность, изысканность и роскошь облагородит любое помещение, сделает его завершенным и придаст эстетичности, а также наполнит комнату восхитительной игрой бликов.

The most exquisite and original luminaires belong to the classical style. In a boundless hectic stream of modern trends, classics are never really out of vogue and are eagerly sought today. Laconic, fine and luxurious, they will adorn any room, completing and decorating it, filling it with a breathtaking play of shimmering colors.

Stil Classical – feine, originelle Leuchten. In der schnellen Flut der modernen Tendenzen ist Klassik immer „in“ und büßt nicht an Aktualität heutzutage nicht ein.
Ihre Feinheit und Macht, macht Räume jeglicher Art schick, macht sie vollendet, und verleiht Ästhetik, füllt den Raum mit wundervollen Schattierungen und Farben.
