Mantra tras realizar su primera incursión en el campo de la iluminación LED, pretende afianzar en su catalogo esta tendencia con su nueva propuesta MISTRAL.
Diseñada por José I. Ballester, es esta una completa colección de iluminación, que aplica la tecnología LED con eficiente luz y economía de consumo. Sus diseños suaves y agradables albergan, de forma distinta, haciendo imperceptibles los puntos de luz de sus elementos, desarrollando a su vez un torrente de luminosidad.
Lámparas de diseño circular, sinuosas lineales, plafones, apliques y sobremesas conforman la colección.
Su tecnología electrónica es de total garantía y fiabilidad, aportando una luminosidad eficientemente vestida con sus difusores acrílicos blancos en combinación con el acabado en baño de cromo de sus armazones.
Iluminará decorando sus ambientes de forma especial. MISTRAL… tu elección.

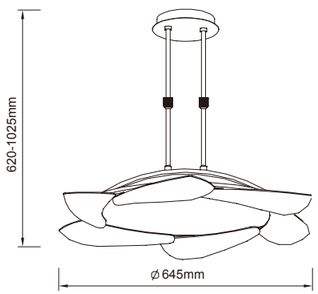

Mantra after making his first incursion into the field of LED lighting, aims to strengthen in their catalogue through this trend with new proposal “MISTRAL”.
Designed by José. I. Ballester. This is a complete collection of lighting, which applied LED technology with efficient light and economic saving. Its gentle design and pleasant shelter light, in a different way, making imperceptible lights point of its elements, at the same time, developing a torrent of luminosity.
Round designed lighting, sinuous linear lamps, ceiling, wall lamp and table lamps forms the collection.
Its electronic technology is totally guaranteed and reliable, providing efficiently brightness, dressed in their white acrylic diffuser combined with chrome finished frame plate.
Illuminate decorating its atmosphere in special way. MISTRAL... your choice.

Diseñada por Jose I. Ballester.

Diseñada por Santiago Sevillano.

LOOKER, diseñada por Santiago Sevillano, es una singular lámpara de estudio, con la que interactuar para que adopte esa posición que más te agrada. Para que además de su luz nos aporte compañía, pues su simpática presencia, seguro pasa a formar parte de ese especial lugar de tu hogar.
Juvenil y fresca en su combinación de metal con apuntes de color, …de aires nórdicos en su acabado de madera es perfectamente adaptable a zonas de estudio o aportar presencia como punto decorativo.
Alberga luz de bajo consumo (E27).
Sus acabados en versión de metal combinan el blanco con remates en pistacho o fresa. Y en la versión de madera natural con remates en blanco, no te serán indiferentes.
Haz un sitio en tu espacio favorito, …llega LOOKER.

LOOKER, designed by Santiago Sevillado, is a singular desktop lamp which allows adopting the positions you want. Besides, the light keeps us company and its gentle presence, for sure, makes a special place in your home.
Young and fresh in its combination of metal with colour charm, ...with Nordic tastes in its wood finish is perfectly adaptable for a study or to provide presence as a decorative point.
It works with energy saving bulbs (E27).
White metal finish version comes with either pistachio or strawberry parts; and natural wood version trims white, leaves no one indifferent.
Make a space in your favorite place,.. here is coming LOOKER

El efecto lumínico como protagonista, el valor de la sombras y las luces proyectadas por un objeto luminoso, Mediterráneo está diseñada para ser un concepto imperecedero, no es un objeto de tendencia, está destinado a perdurar en el tiempo. Mediterráneo se inspira en el movimiento de las olas, sus líneas orgánicas acentúan el carácter amigable de su pantalla, creando una sensación mágica a lo largo de su superficie de cristal. Gracias a la utilización de cristal de alta calidad la luz se difumina homogéneamente generando una iluminación dulce e íntima. La colección está compuesta por una gran variedad de aplicaciones y acabados metálicos, perfecta para ser utilizada en ambientes íntimos y acogedores o en grandes instalaciones.

The ligthing effect as protagonist, the value of shade and light projected in a lumininous object, Mediterráneo is designed to be an enduring concept, It is not a trend object, It is destined to last over time. Mediterráneo is inspired by the movement of the waves, organic lines accentuate the kind of their screen, creating a magical effect along their glass surface. By using high quality glass, the light is sweet and intimate. The collection consists of a variety of applications and metallic finishes, this is perfect for use in intimate and cozy places or large premises

Mantra nos presenta una nueva serie de colgantes, sugerentes y peculiares para que con ellos distingas y personalices ese tu espacio.
MISS, FACETTE (diseñados ambos por Santiago Sevillano) y PHANTOM dan nombre a estos diseños. Colgantes que en ocasiones, como MISS; se desdoblan en su versión de pie de salón.Están realizados en inyección de poliuretano, con acabados lacados en blanco o negro. La luz que albergan es de E27 (adaptables, claro está, al bajo consumo)Sugerentes, originales y especiales colgantes que serán el punto de referencia alrededor de los cuales vestirás el resto de tus ambientes.

Mantra presents a new series of pendants, appealing and peculiar so as to differentiate and personalize your space.
MISS, FACETTE (both designed by Santiago Sevillano) and PHANTOM are the names of those new lighting fixtures. Pendant lights series that in the case of MISS also unfolds in its floor lamp version. They are made by polyurethane injection, with black or white lacquered finish. The light source is E27 (adaptable, for sure, for energy saving)Special, original and attractive pendants that will be the point of reference for of your unique atmosphere.

mAntra, te presenta una original colección para iluminar tus espacios, diseño vanguardista, eficaz y distinto, … ORA.
Rojo, Negro y blanco dan color a unas estructuras agradables formas combinables, que visten discretamente la eficaz luz de bajo consumo.
Su diseñador Santiago Sevillano ha creado además los elementos de iluminación que junto a sus colgantes completan ORA, y van desde los apliques de pared y sobremesas hasta su espectacular píe de salón.
Sus estructuras están realizadas en inyección de ABS, material de última generación, la cual le dá calidad, robustez y ligereza. Siendo el acabado de su singular pie de salón en fibra de vidrio tratada, dadas dus dimensiones.
Alberga luz de bajo consumo, en sus puntos (E/27 de 13w).

Mantra presents a collection that combines an avant-garde design with efficient lighting ……ORA.
Red, Black and White combine colour with graceful shapes, to discreetly dress up low consumption lights.
Its designer, Santiago Sevillano, has created a whole collection with all items, wall lamps,ceiling lamps , table lamps and the spectacular floor lamp, as the most impressive piece.
The structures are made in ABS injection, last generation material, which provides quality,strength and lightness.The finishing of the floor lamp is treated glass fibre , given their excessive proportions.
It hosts low consumption E27 13 watt bulbs.

MOON

Diseñada por Jose I. Ballester.

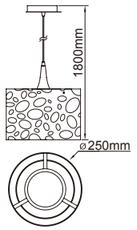

El diseñador José Ignacio Ballester combinando y jugando con formas circulares, junto perforados ovales que nos recuerdan, de forma simple, a la Luna, crea para Mantra..MOON.
La superposición armoniosa de distintas capas acrílicas rematadas con sencillos calados de distintos tamaños, hacen de Moon una simpática colección de iluminación que por sí misma crea ambiente a la vez que decora.
Sus materiales acrílicos (antiadherentes) se combinan con brillantes cromos, generando una extensa propuesta de lámparas y piezas auxiliares, que de forma discreta albergan la eficaz luz de bajo consumo (potencia 13w./incluida) homologada y testada bajo la normativa CE.
Esta simple explicación se ve corroborada, con lo que a continuación van a poder apreciar en estas páginas. Para uds…MOON.

The designer José Ignacio Balleste creates for Mantra the collection MOON,through the combination of circular shapes , along with oval forms that clearly remind us of the simple but perfect shape of the Moon…
The armonic superposition of several acrylic layers which finish off in simple fretwork in different sizes make out of Moon an appealing collection that creates an atmosphere by itself .

Its acrylic materials (anti-adherent) combine with shiny chromes , generating an extensive proposal of lamps and auxiliary pieces, which discreetly host an efficient low consumption bulb (power 13 w included)officially approved and tested under European Community Standards.
And to show you all these facts , we present it in the next pages. For all of you……MOON.

POP

Diseñada por Santiago Sevillano.

BLANCO
NEGRO
ROJO

POP,colección singular de diseño extrovertido y futurista, la componen sobremesas y apliques abatibles, plafones, semiplafones,con E/27 de 13w. por punto de luz, y como pieza representativa y estelar un pie de salón de gran formato, que ubicado junto a pared aporta luz indirecta y ambiental, y que gracias a su rótula y su sistema telescópico, se transforma en una lámpara para reforzar la zona de estar, o alumbrar sobre la mesa principal del salón. Su estructura está realizada en fibra y su potente fuente de luz es aportada por tres E/27 bajo consumo de 23W. El resto de la colecciónestá realizada en inyección de aluminio y sus llamativos acabados brillo pueden ser en negro, blanco y rojo.

POP, …además de ser fuente de luz, aporta además con sus formas singulares una ambientación diferente y vanguardista.

POP - Singular collection of extroverted and futuristic design, is made up of table lamps, pivoted wall lamps, plafonniers , ceiling lamps, and pendant lights, with E27 13 Watts bulbs. As the outstanding piece in this collection, we present a large adjustable floor lamp, that gives off a comfortable indirect light with a ball-and-socket joint and telescopic system, which makes it possible to illuminate the lounge area or lighten up the dining room. Its structure is made from fibre glass and its potent light is achieved through three low consumption E27 23 watt bulbs.
The rest of the collection is made from aluminium and their shiny finishing is available in black, white or red.

POP…….. is, as well as a lighting source,a singular outstanding piece for a different avant-garde atmosphere.

Diseñada por Jose I. Ballester.

NEO

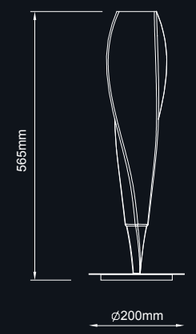

NEO, es una elegante y sencilla colección de iluminación creada para Mantra por José I. Ballester, cuyo elemento principal es una tulipa de cristal opal de singular diseño, que le confiere el movimiento de sus trazos.
Diseño que la hace totalmente adaptable a todo tipo de ambientes y decoraciones, desde los modernos y sofisticados e incluso a los más clásicos. Siendo también una propuesta válida para las instalaciones de hostelería.
La colección la componen colgantes en racimo, lineales y colgantes simples, ajustables todos ellos en altura. Así como pié de salón, sobremesa y aplique.
Su tulipa esta realizada en cristal opal soplado y alberga luz de E27. Todos sus elementos metálicos están acabados en níquel mate.
Iluminarás vistiendo tu lugar especial con NEO.

NEO is an elegant and simple collection created for Mantra by José. I. Ballester , and its main element is an unique designed opal glass, which confers the movement through its stroke.
Its design is completely adaptable for all kinds of environments and decorations; from the modern or sophisticated to even classic ones. Yet, it can be used for catering facilities.
The collection presents with a set of pendants – lined and simple hanging- with adjustable in height, as well as floor lamp, table lamp and wall lamp.
Glass shade was made by blown opal glass with E27 light source. All metal parts are finished in Matt nickel.
Illuminate your special place “wearing” NEO.

Reg. OAMI 002237214 - 3795

Iluminar y acondicionar espacios con escasa altura, lugares donde pretendemos que el elemento luminoso que disponemos sea discreto, no muy dimensionado o voluminoso, es tarea complicada, recurrimos habitualmente a elementos empotrados a techo o elementos como los plafones que se adaptan perfectamente a este fin, realizando además la tarea de difundir de forma homogénea el caudal de luminosidad.
De esta manera Mantra con su nueva propuesta de la mano, en esta ocasión de Jose I Ballester, amplio su catalogo con las colecciones de plafonería de iluminación LED, aportando diseño de forma, eficacia lumínica y ahorro de consumo.

CITY, ZERO y QUATRO son distintos y diferenciados artículos, que se presentan en varios tamaños. Realizadas sus carcasas en inyección plástica, con acabados arenados interiormente, para que los puntos LED, que alberga en su interior, difundan homogéneamente su luz. Tecnología LED que disponemos testada y garantizada.

Nueva propuesta diseño Mantra, con economía de consumo, tanto como de precio, … tu apuesta?

Illuminate and fit out spaces with low height, places where we pretend the illumination element to be discreet not very size or bulky, is complicated task, and it usually requires elements fitted to the ceiling or ceiling lights that are perfectly suited to this purpose, adding the idea to spread evenly the flow of light.
In this way, Mantra with new proposal from the end of José I Ballester, improved catalogue with the LED ceiling light collections, offering designed shape, light efficiency and saving energy.

ZERO, CITY, and QUATRO are different and distinct articles providing various sizes. Producing its body in plastic injection, with sand inside, so as to points LED, included can evenly spread the light. LED technology that we have tested and guaranteed.

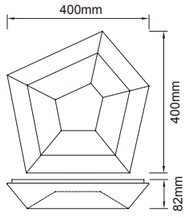

New proposal design of Mantra, with energy saving, as well as its price,... your bet?

Simplicidad, líneas depuradas y escuetas definen la colección LUA.
José I. Ballester con trazos de movimiento envolvente crea una colección de iluminación, romántica y elegante, combinando pantallas y metal. Todos sus elementos nacen de un solo trazo, una sola línea que conforman sus estructuras, sobre la cual se disponen los puntos de luz.
La belleza de su lámpara lineal solo se ve igualada, con el especial diseño de su lámpara circular, siendo estos sus más peculiares elementos y que son acompañados por colgantes, plafones, sobremesas y apliques en varios tamaños y un espectacular pié de salón.
La colección adapta luz E27, preparada pues perfectamente al bajo consumo. Y se presenta en combinación de dos acabados. Níquel satinado con pantallas plisadas en blanco, lo que le otorga un aire sofisticado, y una segunda combinación, decorando las estructuras en color gris ceniza y sus pantallas lisas a juego, aportando un aire más nórdico.
LUA pues... es la perfecta combinación de elegancia y simplicidad que estabas buscando para ese lugar de tu hogar.

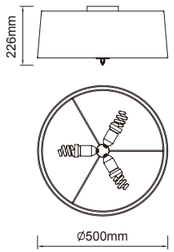

Simplicity, succinct and refined lines define the LUA collection.
José. I. Ballester, with strokes of enveloping movement, created this romantic and elegant collection, combining fabric shade and metal. All elements are born by a single stroke, only one line that makes its structure on which are placed the light points.
The beauty of its lineal lamp only looks even, compared the special design of the circular lamp, being the most peculiar elements and it is accompanied by pendants, ceiling, table lamps and wall lamp in various sizes and also a spectacular floor lamp.
The collection utilizes E27 lamp, prepared therefore perfectly for energy saving bulbs. It is offered with combination of two finishes.
Nickel Satin with pleated white shade which gives a sophisticated atmosphere, and another combination decorating the structures in ash-grey finish comes with plain shade, providing rather Nordic taste.
LUA... is the perfect combination of elegance and simplicity that you have been looking for “that place” in your home.

EXTERIOR / OUTDOOR

Mantra, con su peculiar forma de ver el mundo de la iluminación, lanza su nueva propuesta “Outdoor”(EXTERIOR).

Los tradicionales puntos de luz, de elementos metálicos pesados y resistentes cristales, para exterior, …son interpretados por sus diseñadores con singulares y esculturales elementos de iluminación, de una manera para nada convencional. Sus volúmenes, siluetas y formas se transforman en piés de dimensiones considerables, sobremesas, asientos, plafónes y puntos a techo, … transmitiendo una puntual y agradable luz ambiental, estan realizados con materiales y novedosos tratamientos que soportan eficazmente el contacto con el ambiente exterior y sus inclemencias.

Esta propuesta de iluminación forma parte de la nueva apuesta de Mantra, para aportar frescura e imaginación, santo y seña de nuestra empresa, a esta novedosa e incipiente tendencia en el mundo de la iluminación, que se presenta día tras día y con gran apetencia vistiendo jardines, terrazas y zonas singulares de ambiente “chill out”, …y con la posibilidad por su diseño de ser utilizadas como contrapunto moderno en el interior de las estancias aportando una efectiva luz ambiente.

Tenemos la posibilidad de proveer estos elementos luminosos de iluminación por led´s, confiriendole a nuestros productos de una gama cromática vanguardista para ambientes más elaborados. Nuestros productos son totalmente aptos para el uso exterior, cumpliendo la normativa IP65, que indica el grado de protección que provee una aplicación eléctrica contra la intrusión de objetos sólidos .
o polvo, contactos accidentales o agua.

Nuestros productos reciben la
certificación IP65 (IP> Indice de protección), dado que la efectividad testada contra el acceso de elementos sólidos peligrosos es
de nivel 6 (siendo la protección contra la intrusión de polvo bastante satisfactoria.). Y tomando el segundo dígito nivel 5 dada la efectividad resuelta contra aguas de potentes chorros disparados hacia la protección del equipo desde cualquier dirección sin provocar efectos dañinos.

Definitivamente protección IP65, la cual garantiza la utilización de nuestros productos así referenciados a la intemperie, ante adversidades climatológicas adversas y ante posibles entradas de aguas por efecto del riego.

Siendo un estándar internacional de la Comisión Electrotécnica Internacional 60529

MANTRA, with its personal opproach to the lighting World launches its new proposal”Outdoor”(Exterior).

The traditional outdoor lighting has been turned into a new concept of sculptural lighting pieces far from the convertional. These outdoor pieces becomes silhouettes of considerable dimersions, includeing floor lamp, table lamps, seats, wall lamps and ceiling points. Sending out a nice atmosphere light; these fixtures are produced using the newest materials that bear effectively the contact with all type of weather conditions.
This proposal is part of our new company trend, which includes imaginative designs in a different lighting sector, such as outdoor and expanding our tange of products to gardens, terraces and any outdoor space, with a search for the “chill out” experience.
We may also provide these items with the leds source, which enables to produce an avant-garge chromatic range for more sophisticated spaces.

Our products are totally suitable for outdoor use , fulfilling Standard IP65, which stands for the degree of protection of a lighting fixture against the intrusion of solid objects or dust, accidental blows or water.
Our items have the certification IP65 (IP=Index of Protection), since the effectiveness tested against solid elements intrusion is of level 6(being the effectiveness against dust intrusion very satisfactory as well).And regarding the second digit 5, it stands for the proved effectiveness shown with potent water jets shot upon the cover of any point of the item , showing no damage at all.
Definitely, the protection IP65 guarantees the outdoor use of our items in adverse weather conditions or in possible water intrusion as a consequence of irrigation, being an International Standard of the Electronics International Comission 60529.

NATURA nos presenta unos elementos de iluminación de gran formato, que por si solos tienen sobrada personalidad para vestir e iluminar eficazmente un ambiente de forma diferente.
En grandes espacios tanto de interior como de exterior, o en combinación de mobiliario de nuevas tendencias, es un acierto adaptar un sobremesa, uno de sus pies de salón o un puntual aplique, atrayendo toda la atención del espacio de manera armoniosa.
Con la forma orgánica de una hoja diseñada y modelada al efecto, José I. Ballester, presenta para Mantra esta colección preparada tanto para el interior, con sus estructuras bañadas en cromo, como para el outdoor con acabados en blanco epoxi y su homologación IP44 (lo que las posibilita para cualquier lugar en el exterior). El volumen detalle de las hojas, esta realizado en inyección plástica de polietileno.
NATURA, como indica el nombre de la colección, es referencia natural a ese espacio que quieres vestir e iluminar de otra manera, …a tu manera.

NATURA presents some elements of illumination of large format, as if the lighting itself has distinguish personality to decorate and effectively illuminate an atmosphere in a different way.
Wide spaces in both indoor and outdoor or in combination with modern trend furniture – it is a wise decision adapting table lamp, one of the floor lamp for living room or a wall lamp, to attract attention of the space in a harmonious way.
A leaf designed with the organic form and shaped the effect, for Mantra, José. I. Ballester, presents this collection prepared both for indoor with structures in chrome, as for the outdoor finished in white epoxy and approval IP44 (which gives possibility to locate outside). The volume detailed the leaves, and made by polyethylene plastic injection.
NATURE, as indicated by the name of the collection, is natural reference to that space that you like to dress up and light up otherwise,.. .to your way.

COOL, creada por José Ignacio Ballester para Mantra, es una colección de iluminación de volúmenes suaves y agradables que expanden su luz de forma armoniosa y eficaz.
Realizada en inyección plástica (polipropileno) y con sus elementos metálicos revestidos en acabados epóxi en un color blanco discreto, la hacen apta tanto para interior como para exterior. Con homologación IP44 o IP65 dependiendo de modelos.
La colección la componen colgantes en dos tamaños y formas, sobremesa, banqueta y pié de salón.
Sencilla pero impactante COOL va a encajar perfectamente en tu ambiente ideal.

COOL, designed by José Ignacio Ballester for Mantra, is a collection of soft and comfortable volumes,that spreads light harmonious and efficiently.
Made of plastic (polipropileno) and with its metallic elements covered up in discreet white epoxy, it is a suitable collection both for indoor or outdoor lighting. With standardized IP44 or IP65, depending on the model.
The collection consists of pendant lights in two shapes and sizes, table lamp, stool and floor lamp.
Simple but impressive, it will fit in any atmosphere.

PALMA, de Santiago Sevillano, es una colección desenfadada y singular, que se basa en la combinación múltiple de una forma iluminada creando composiciones realmente interesantes y vistosas.
Simple como colgante o sobremesa o elaborada como colgante orbital o incluso útil como mesa auxiliar iluminada están entre sus posibilidades.
Su núcleo central alberga la luz de bajo consumo (E/27), homologado y testado para su IP44 que la posibilita para su uso en el exterior.
Atrevida y especial esta colección dará el punto original a ese espacio que quieres vestir de forma diferente, …PALMA

PALMA -designed by Santiago Sevillano, is a casual and unique collection, based on a mixture of lighting shapes, creating appealing and interesting compositions.
From a simple a pendant or table lamp to a more complex orbital pendant or illuminated side table, it offers multiple possibilities.
Its central core hosts low consumption bulbs (E27), standardized and tested for IP44 , that allows its use as an outdoor piece.
Daring but casual, it will give an original touch to that space you wish to dress up differently…….PALMA.
